

Have you ever wished that your child could benefit from a Big Brother/Sister relationship in a positive Jewish environment?

If you said yes, that and much more is now available - all in the comfort and convenience of Lubavitch on the Palisades.

That's right, for a limited amount of kids, this incredible opportunity is now here. The **Tenaflly Student eXchange** is the perfect venue for children and teens to meet and bond with each other, all the while gaining so much through this valuable experience. The unique friendships that develop from this program will enrich the lives of both the children and the teens. Every child wants a big brother or sister to look up to, someone older who will give them individual attention. The teens, in turn, will cherish the role entrusted to them and will automatically want to prove themselves worthy of this status.

Our teen mentors have been specially selected and have all undergone a unique training course to ensure that you get nothing but the best for your child.

TSX meetings are held every Tuesday at Lubavitch on the Palisades from 4:00 - 5:30 P.M. in the new Cohen Teen Center. Refreshments will be served.

Our Staff

Rabbi Mendy Korner
Youth Rabbi,
Lubavitch on the Palisades
